

# Racing Program

## END-OF-SEASON PAYOUT

# \$2,000

SEASON-END POINTS POOL

### HOW IT WORKS

Earn points from **every race result** all season long. All USAC-sanctioned races count equally.

### DOLLAR VALUE

At season's end, the \$2,000 pool is divided by **total points earned across all participants**, giving each point a dollar value.

$$\text{Your payout} = (\text{your points} \div \text{total points}) \times \$2,000$$

## POINTS STRUCTURE — ALL USAC-SANCTIONED RACES

**1ST PLACE**

**5 pts × Field Size**

**2ND PLACE**

**4 pts × Field Size**

**3RD PLACE**

**3 pts × Field Size**

**FINISHER**

**1 pt × Field Size**

## KIT REIMBURSEMENT

### P/1/2/3 TRACK — CAPPED AT 3 RIDERS IN 2026

Riders must express interest and be approved before the season begins.

- > Pre-approved at season start
- > Complete **8+ USAC-sanctioned races** in the season
- > **\$150 kit reimbursement** paid at season's end

## EXAMPLES

### EXAMPLE A — CRITERIUM PODIUM

Alex wins a criterium with a 30-rider field.

$$5 \text{ pts} \times 30 \text{ riders} = 150 \text{ pts}$$

### EXAMPLE B — ROAD RACE FINISHER

Sam finishes (no podium) in a 45-rider road race.

$$1 \text{ pt} \times 45 \text{ riders} = 45 \text{ pts}$$
